

SPECTRUM PAINT

VALIANT Exterior 100% High Build Acrylic Coating

VALIANT Exterior 100% High Build Acrylic Coating is designed to provide flexibility, durability and weather resistance. Its high build formulation and 100% acrylic resins offer excellent dirt pick-up, mold and mildew resistance, as well as application in temperatures as low as 40°F **. Ideal for use in residential, commercial, architectural and light industrial applications.

Recommended Substrates:

Concrete, Concrete block (CMU) and stucco, Poured and precast concrete, Synthetic EIFS & synthetic masonry stucco, Cementitious siding & fiber cement siding, Primed metals, Primed woods
